HOW DOES IT WORKS?

The «WELCOMER» application launches automatically when the «Powered by hoomano» robot starts. No intervention or technical handling is required.

Users interact with the robot vocally or using the integrated tablet

The robot is as easy to use as a smartphone or a TV!

HOOMANO UNIQUE ADVANTAGES

- ✓ Setup your robot content from a simple web page
- ✓ Easily customize the message delivered by the robot to your visitors
- ✓ No technical knowledge required
